

The Augusta Community Resource Centre is once again delighted to host the **Augusta Whalesong Festival** over the WA Day long weekend, 29th May - 1st June 2026.

This annual event celebrates the migration of the whales and the biodiversity and unique collection of spectacular natural attractions that the Southwest and Augusta has to offer.

Come and celebrate this festival with us and revel in the fun, beauty and hospitality of our welcoming town.

We also wish to thank our in-kind supporters for their contribution to the success of this year's Whalesong Festival:

Augusta Art Club, Augusta Community Development Association, Augusta Fire and Rescue, Bunnings

(Margaret River), Pics, St John Ambulance and all local Augusta businesses and community groups.

Also a huge thank you to all the volunteers for your support to make this event come to life for the local Augusta community.

Brought to you by the **Augusta Community Resource Centre** and proudly sponsored by
